**THE NEW CUP CHALLENGER.**

The English people are very persistent in their efforts to recapture the cup which the Americans have held for so many years. Another attempt is to be made in the summer, and to that end a challenger is being built, which is claimed will have more speed than those used in the past. The result will be watched with considerable interest by both sides. There has also been much interest manifested by the public in the marvellous success made by the celebrated Hostetter's Stomach Bitters during the past 50 years. It has established a record of cures unequalled by any other remedy of such ailments as heartburn, belching, indigestion, dyspepsia, constipation, insomnia, nervousness or spring fever. If you are a sufferer or urge you to try a bottle at once.

**WINE of CARDUI**

There are many sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom falls to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I dreaded the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

A million suffering women have found relief in Wine of Cardui.
